

## **Congratulations on your new alternative flooring options.**

### **Maintenance program for Alternative floors.**

Preserving floors can be a simple task that requires little effort than before. Maintain alternative floors require a simple step by step procedure that can extend your warranty for years. Please follow our guides listed below.

#### **Dusting:**

Removing dust in the most crucial part of maintaining alternative floors as dust particles become abrasives and scour surfaces. Over the years dust scuffs can remove protection coating and expose cement product.

Dust your floors as often as possible with a dust mop. This can be done daily or twice weekly. This simple step takes 3 minutes of your time and can save thousands in the long run. Some alternative flooring can last from 5-10 years without re-sealing if this step is carried out on a daily basis.

#### **Preferred**

Product Dust Mop

Name: DUSTM61

Oates 61cm Dust Mop Complete SM-136.

Manufacturer Oates

Name: EDOATES

E.D.OATES PTY LTD

#### **Mopping:**

Mop weekly is highly recommended to maintain an aesthetic floor. Avoid using local agent supplies by Woolworth Coles or other amenities. Our recommendations are mopping to a minimum of once weekly with a **neutral** cleaner.

Dilution 10% content and 90 water.

#### **Recommended supplier**

Product; IF12 neutral cleaning agent

02 6241 7119

#### **Important notice**

Avoid house hold detergents, acidity or ammonia products. These products will only damage your floor in the long term. Although your floor has the defence mechanism coating to resist these substances, it is recommended they are not used.

#### **Buffing**

Buffing decorative concrete can be requested at any time. To have your floors buffed please e-mail [support@toppings.com.au](mailto:support@toppings.com.au) to arrange a time.

For further information on preserving your floor, please contact Toppings Concrete Stone Care Australia via e-mail. [support@toppings.com.au](mailto:support@toppings.com.au)

We will gladly answer all your questions.
